

This is to advise you that on August 11-12 the Federal Highway Administration and the Federal Transit Administration will sponsor a workshop to showcase best practices in workforce development for women, minorities, and small business and for Disadvantaged Business Enterprise (DBE) capacity building.

The workshop is based around the New Britain to Hartford Busway project, which will create 9.4 miles of exclusive bus lanes with 11 stations within existing and abandoned railroad right-of-way paralleling I-84 from New Britain to Union Station in downtown Hartford.
